Single Point Office for Burial and Cremation Procedures

The Government has decided to set up Single Point Offices around the island to facilitate the issue of death certificates as well as burial and cremation procedures under one roof.

To facilitate the process for registration of deaths, burial, and cremation procedures, Single Point Offices have been established to provide the following services:

- **Civil Status Division:** for services such as registration of deaths, issuance of death certificates, and issuance of burial/cremation permits,
- **Public Health Office:** for issuing cremation permits.
- **Local Authority:** for authorising cremation procedures.

At this stage, the following six Single Point Offices are operational:
