Downtime of NLTA Online Services

The Bank of Mauritius (BOM)/Accountant General has come forward for the interfacing of its Instant Payment System (IPS) with e-government services to enable online payment to be effected through Internet Banking, Mobile Apps and QR Code via NLTA Online services. The e- payment services of the NTLA has been selected as one of the pilot sites for its implementation.

As the IPS project will Go-live on 19 December 2022, **there will be a downtime period from 10:00 hrs to 11:00 hrs** to complete the installation of the IPS system. The public is therefore informed that the following online services will not be operational during the above-mentioned period:

- Renewal of Motor Vehicle Licence (for private vehicle only); and
- reservation & purchase of personalized registration mark.

The above-mentioned services will be restored as soon as the installation is completed.

The NLTA relies on the usual understanding and cooperation of the public.
