

Press Communiqué

Contraflow Traffic Scheme on Independence Road at Vacoas

The public is hereby informed that a traffic scheme would be implemented on a pilot basis along Independence Road during the morning peak **from 07 00 AM to 09 30 AM on weekdays as from Thursday 03 November 2022** as follows:

- (i) the Independence Road from its junction with St Paul Road up to Vacoas Bus Station Terminal would provide for a contraflow traffic scheme for motorcars only;
 - (ii) traffic [cars only] coming from La Caverne along St Paul Road would be allowed to left turn into Independence Road towards Vacoas Bus Station Terminal;
 - (iii) traffic [cars only] coming from Glenpark (Diolle) along John Kennedy Road would be allowed to proceed along Independence Road towards Vacoas Bus Station Terminal; and
 - (iv) traffic coming from St Paul Road and Sivananda Road along St Paul Road would **not** be allowed to right turn into Independence Road towards Vacoas Bus Station Terminal.
2. Necessary traffic signs would set up to inform and guide road users.
 3. Drivers are strongly advised to exercise caution and to drive within the prevailing speed limit. Police assistance would be available to guide road users.
 4. This Ministry apologises for any inconvenience caused and relies on the usual collaboration of the public.
