

Press Communiqué

Drain works along A10 Road at Nouvelle France - Motorway M1 Crossing

The public is hereby informed that a new traffic scheme would be implemented across the Motorway M1, at about 100 metres to the North of Nouvelle France Roundabout, from **Friday, 18 November 2022 to Monday, 21 November 2022**, in the context of drain construction works being undertaken by Sotravic Ltee, on behalf of the Road Development Authority.

The Traffic scheme would be as follows:

- (i) the right-hand side lane of the Northbound Carriageway of Motorway M1 would be **closed to traffic as from 10.00 hours on Friday 18 November 2022 until 04.00 hours on Monday 21 November 2022**; and
- (ii) the width of both lanes along the Southbound Carriageway would be reduced to 3.1 metres when approaching the works area and would return to normal beyond that point.

Works would then proceed across the central reserve.

The necessary traffic signs would be set up and Police would be present to inform and guide road users accordingly. Drivers are strongly advised to exercise caution when approaching the works area and to drive within the prevailing speed limit.

The Ministry regrets for any inconvenience caused and relies on the usual understanding and cooperation of the public.
