Press Release

Arrest for forgery (WAP) and Breach of Quarantine Act 2020

On Thursday 25.03.2021, at 13 37 hours, along the Main Road, Baie du Tombeau, Police at a vehicle check point stopped private car driven by a 21 year old young man with on board a 22 year old passenger, both residing at Vacoas, for a routine check. When asked by police to produce their Work Access Permits (WAP), both produced their mobile phones showing the QR Code. However, on being scanned, the QR Code revealed the name of the WAP holder to be that of a woman. On being questioned, one of the occupants admitted that the WAP in fact is for his mother and that they have forged same by inserting their names thereon. They were both arrested and are detained. Investigation in progress.
